\*To Jersey and Guernsey where we offer delivery six days a week. Deliveries to Sark, Alderney and Herm can take up to seven working days.

## Integration Partners

We partner with a number of platform providers to make parcel delivery to, and returns from, the Channel Islands significantly easier for eCommerce retailers and the end customer.

The perceived cost and complexity of delivering to the Channel Islands can prevent online retailers from offering services to this market. However, our integrations enable retailers to start shipping to the islands more quickly and easily.
